Computer & Documentation Stations

workstation

workstation with backpanel

Combi Top Computer Station

Compact Computer Staion

These stations are built to answer the ever increasing need for documentation and I.T on the shop floor.

Document stations come a lockable drawer and full cupboard with optional backpanel system.

Computer stations feature slide out keyboard drawers, full cupboards, some with sliding shelves and a choice of open or enclosed monitor areas.

All models are supplied with fronts in epoxy powder coat RAL5015 blue as standard. red, green, mid or light grey fronts are available as a no cost option. Housing / shelves are RAL7035 light grey.

All prices include delivery to mainland U.K and are subject to V.A.T. Delivery time in standard blue is 2-3 weeks.

Workstations

Perfect for supervisory or general workshop use, these units combine secure storage with a sloping worksurface.

- Solid steel construction with reinforced doors
- Lockable cupboard with 2 adjustable shelves
- Lockable drawer
- Document retaining lip
