

## Numbers and Letters

### Quality Removable Self-adhesive Labels

- 8 sizes supplied in handy complete packs of numbers or letters
- Clean peel – leaves no residue
- Easy warehouse identification
- Bin numbering
- High Visibility

**Available From Stock**

These self-adhesive numbers and letters are printed black on yellow as well as being available in black on white, black on red, black on blue and black on green in certain sizes only. Not only ensuring high visibility but colour coded identification as well.

Simple to apply, they can be quickly removed and leave no adhesive residue. They are suitable for a variety of uses throughout the warehouse including labelling of shelves, racking, bins and other areas. They are also suitable for use in the office for labelling files etc.

### Self-adhesive Labels - Packs

Ref	Label Size (H x W)	Character Height	Characters Per Card	Colours

F6 Arrows	90mm x 38mm	75mm	6	Yellow, White

Minimum order of 20 Individual cards. These can be mixed sizes, colours and characters. Specify characters required.

see pages 6 and 7 for Bespoke Labelling

## Location Labelling

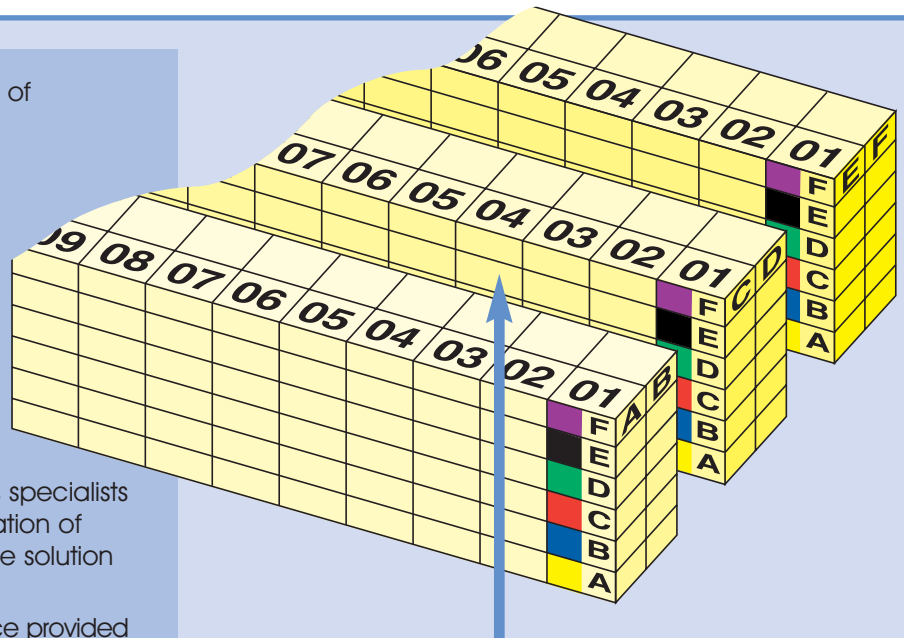

- Design, manufacture and installation of code labelling
- Custom printed to your design
- Can include bar codes and colour coding
- Free on-site consultations
- Installed by our in-house team

The management of a modern warehouse needs clear and precise identification that can be quickly and easily understood by all concerned. As specialists in the design, manufacture and installation of code labels we provide a cost effective solution to your labelling needs.

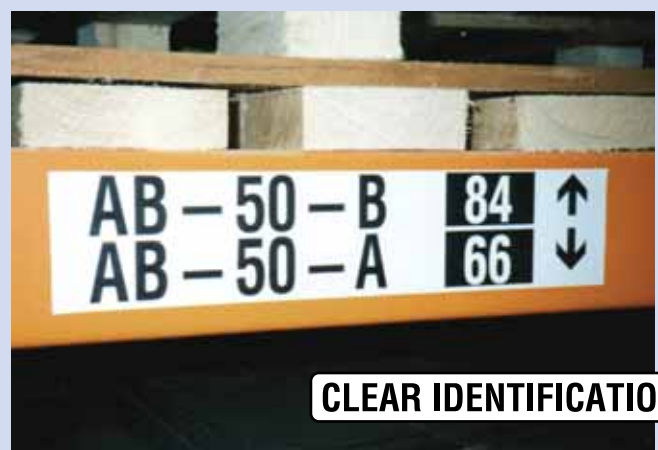

We offer a free on site consultation service provided by our Project Managers, who will design a labelling solution to meet your particular system requirements. To book your consultation please call our sales office. If you already know your requirements – then contact us for a quotation with the following data;

- Quantity of labels/Number of locations
- Typical code
- Colour requirement

Our own in-house installation teams are supervised by a Project Manager who is onsite for the duration of the installation. The Project Manager will liaise with the client throughout to ensure that a professional, quality service is provided.

RACK BAY LEVEL POSITION

## Location Labelling

To maximise your traffic flow and minimise costly picking errors call our sales office to book your on-site consultation.

A wide variety of base materials are available for the manufacture of hard wearing code labels including:

- Coloured Vinyl's
- Polypropylene
- Deep Freeze
- Magnetic
- PVC
- Styrene

Colour coding offers an additional quick check facility that the operator has picked the correct stock item.

## Stores Identification

### Magnetic Numbers and Letters

- Magnetic tiles supplied on sheets as a combination of mixed alpha or numeric digits
- Two tile heights, either 43mm with a 39mm high digit or 23mm with a 17mm high digit
- Available with black digits on a white or yellow background.
- Allows for fast and easy labelling on any steel surface

TM70	70mm x 70mm	Magnetic
TM90	90mm x 90mm	Magnetic

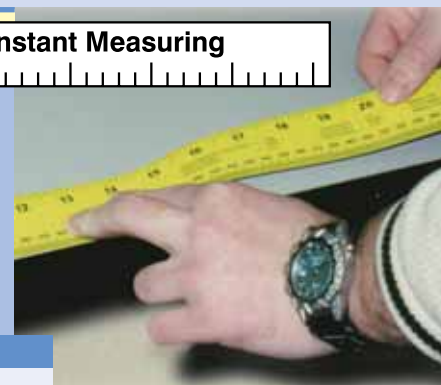

### Self-adhesive Ruler

- A ruler that will never get lost
- For bench top, racking or drawing board
- Easily cut to size if required

A permanent self-adhesive 1.5m ruler with both metric and imperial graduations, the ruler can be easily cut down to suit your needs. With its strong adhesive backing making it ideal for use on worktops, in factory, warehouse or office environments.

Ref	Size (H x W)
RUL1	40mm x 1.5M

### Instant Measuring

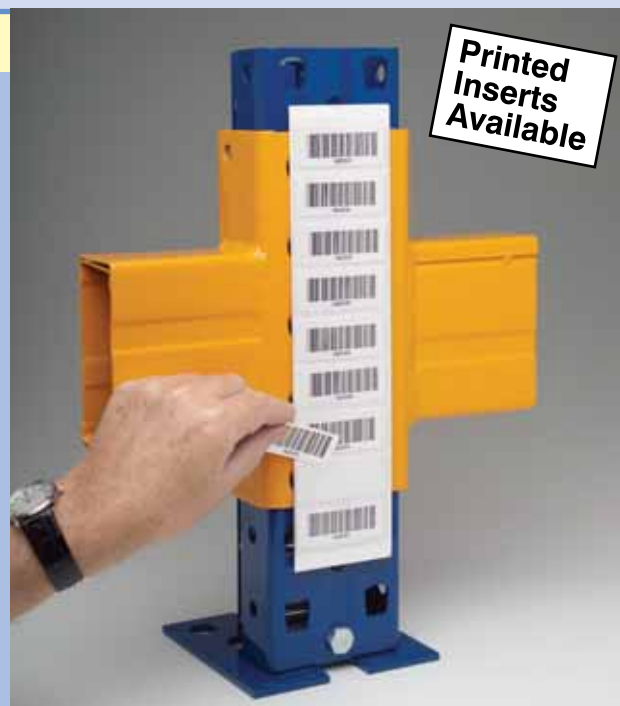

## Stores Identification

### Vertical Floor Scanning Label Holder

- Tough self-adhesive PVC holder that adheres to rack upright
- Enables picker to scan upper pick locations at ground level
- Supplied with nine 22x65mm clear faced pockets
- Dimension H 280 x W 70mm

For extra rigidity the holder can be mounted on a self-adhesive backed plate or drilled in four corners. Barcode sequence labels can be supplied or blank perforated sheets suitable for use with a laser printer, for further details please contact the sales office.

Ref	Description	Size (H x W)	Pack
VLH/9	Self-adhesive label holder	280mm x 70mm	10
VLHS/9	Styrene label holder	300mm x 70mm	10
VLHK	Label inserts for above	22mm x 65mm	1000

### Damaged Rack Magnetic Markers

- Choice of two high visibility markers
- Each marker being H 200 x W 70mm
- Supplied in packs of 10
- Re-locatable magnetic markers

The Marker ref. DRM1 is used when the racking is first damaged and states that it should not be used.

The second marker ref. DRM2 is used once the damage has been reported and assessed.

Ref	Description	Size (H x W)	Pack
DRM1	Do Not Use	200mm x 70mm	10
DRM2	Caution	200mm x 70mm	10

### Tough Scratch Free Tote Bin Labels

- White polypropylene labels 78 x 72mm wide
- Designed for the tote bin information panel
- Sequential numbering

These tough scratch resistant labels have a permanent adhesive and are supplied in quantities of 1000 upwards. They are printed with your data and laminated for protection. The design of the labels can include barcodes.

Ref	Size (H x W)	Pack
TBL1	78mm x 72mm	1000
TBL5	78mm x 72mm	5000
TBL10	78mm x 72mm	10,000
TBL20	78mm x 72mm	20,000

Alternative sizes are available,  
contact our sales office for further details

## Ticket Holders

- Ideal for identifying locations on shelving and pallet racking
- Pull-forward front allows easy loading and updates of information
- Barcodes can be scanned without removing the insert
- Pre-cut sizes from stock
- Special sizes on request – up to 3M lengths

With a choice of 4 heights this clear PVC strip is supplied with either an aggressive adhesive backing for permanent locations, or with a magnetic option which offers the flexibility to change locations and is suitable for cold storage applications.

**INDUSTRIAL  
STRENGTH  
POCKETS**

- Industrial quality pockets with folded edges
- Ideal for when documentation needs to be kept clean
- For use with various sized inserts from A3-A7 in vertical and horizontal formats

A range of document pockets to suit most environments with magnetic or self-adhesive strips also available as clip on and tie on to suit wire bins and cages. The adhesive pockets are supplied with an aggressive adhesive tape along the top and bottom edge (A7 pocket has tape along the top edge only) for a permanent fixing. The magnetic pockets are supplied with a magnetic edge along the top, so that they can be simply lifted and relocated when necessary. The tie-on pockets can secure around a maximum diameter of 60mm, whilst clip-on pockets are ideal for use on wire bins and cages.

### Self-adhesive Pockets

**Product Information**

PRODUCT: ALUMINIUM

SAMPLE LABEL:

MATERIALS:

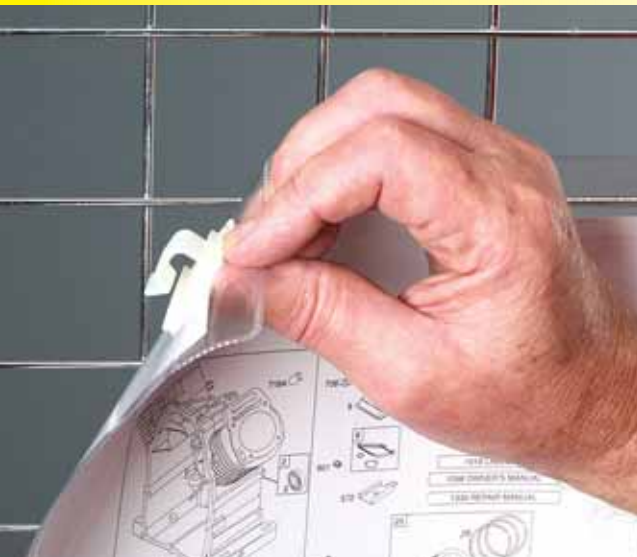

- Substrate: Anodised photochemically prepared Aluminium
- Adhesive: Optional - Holes are also possible for use of rivets, screws or nails
- Laminate: None

**DURABILITY CHARACTERISTICS**

- Exterior Exposure (for black and silver plates): 20 years - no effect
- Abrasion Resistance (Taber Abraser CS17 Wheel with 1000gm load): 1000 cycles - surface slight dulling
- Temperature Resistance of enage at 39°C (75°F) for 10 minutes: No effect
- Fungicidal Resistance: No corrosion
- Salt Spray 5% at 35°C (95°F) for 700 hours: No effect

### Pick Bin Flexi Identification Pockets

Ref	Size (H x W)	Pack
FP1211/100	120mm x 110mm	100

- Eliminate picking errors
- Highlight stock shortages

**Printed  
Inserts  
Available**

A simple system of identification for picking bins, that will save time and money, and help eliminate those costly picking errors.

Each pocket size 120x100mm wide (internal size 95x110mm wide) has a unique self-adhesive hinge along the top edge.

This hinge is adhered to the underside of the bin, directly above that to be identified.

The pocket label can have a barcode incorporated, and even a picture of the component to be picked. Two labels can be used, so that when the bin is empty, the labels are reversed, highlighting that the component is out of stock. Labels not included, contact the sales office for further details

### Magnetic and Self-adhesive Ticket Pouches

- Cost effective ticket pouches
- Clear front enables barcodes to be scanned
- Supplied complete with white card inserts

An economical range of flexible p.v.c ticket pockets, which have a clear front and yellow back designed for use on racking and shelving. The clear front enables barcodes to be scanned without removing the ticket. The self-adhesive pocket enables it to be permanently fixed, whereas the magnetic pocket can be easily relocated without removing the ticket.

## Document Pockets

### Magnetic Wrap-around Pockets

- Designed for industrial roll cages or mesh containers
- Manufactured from tough plastic
- Available from stock

Three hard wearing information pockets in sizes A4, A5 and A6 which have an unique looped magnetic header that is designed to wrap around the mesh of a cage.

A special flap shields the opening of each pocket providing your documentation with protection from the elements.

## Magnetic Display

### Magnetic Display Boards

- Writable and dry erasable
- Boards accept magnetic accessories
- Supplied with fixing kit, blank labels and magnetic label holders
- Contemporary and robust design

Our versatile display boards have been designed to be flexible to your needs, the boards are supplied with 10 or 20 blank positions (excluding header). The details can be instantly changed and updated by using the supplied blank labels or can simply be written on with a dry wipe pen. The boards are ideal to be used for in-out boards, duty rosters, staff tasks and any other information that needs regular updates.

Accessories include fixing kit, magnetic ticket holder and plain inserts

Ref	Description	Size (H x W)
MDB10	10 position board	630mm x 320mm
MDB20	20 position board	1170mm x 320mm

### Magnetic Knife and Tool Rack

- Available in two sizes
- Supplied with fixings

Fed up of forgetting where you put those tools, our magnetic rack is a useful product that helps keep things just where you need them.

Ref	Size (H x W)
MTR32	32mm x 330mm
MTR50	50mm x 380mm

## Magnetic Display

### Memo Magnets

- 5 sizes and 5 colour choices
- Suitable for use on whiteboards and planning boards, etc

Our memo magnets are suitable for use on whiteboards and any other steel surface throughout the warehouse, office or school area. They are available in 5 different diameters and in single or mixed colour packs.

Ref	Size (Diameter)	Pack
MM10	10mm	100
MM20	20mm	100
MM25	25mm	100

Available in White (W), Red (R), Green (G), Blue (B), and Yellow (Y) or alternatively in Mixed packs (M) of 20 of each colour. Please add colour ref to code when ordering

### Magnetic Paper

- Versatile magnetic paper
- For use with inkjet printers
- Standard thickness 0.25mm
- Available in a choice of matt or gloss finish

Print directly onto this special inkjet coated magnetic paper to produce your own magnetic notices, pictures or labels etc. Supplied in packs of 10 A4 sized sheets. These represent an economical and versatile method of printing. Once your item has been printed the sheets are easily cut/trimmed to the size or shape required.

Ref	Description	Pack
MPM10	Matt A4 paper	10
MPG10	Gloss A4 paper	10

see page 35 for Magnetic Self-adhesive Strip

## Weight Loading Identification

### Weight Load Notices

- Signs to identify weight loadings and procedures
- Choice of 5 different designs
- Supplied blank from stock
- Price also includes black printing to your design

Five durable PVC weight load notices, detailing the procedures for the maintenance of racking structures. The range covers shelf/pallet racking, cantilever racking, drive-thru racking and mezzanine floors.

Ref	Suitable for	Size (H x W)
BLS1	Pallet Racking	356mm x 254mm
BLS2	Cantilever Racking	356mm x 254mm
BLS3	Drive Thru' Racking	356mm x 254mm
BLS4	Mezzanine Floor	356mm x 254mm
BLS5	Pallet Racking	470mm x 350mm

BLS1

BLS2

BLS3

BLS4

All of our weight load notices can be colour printed with your logo, etc. Please call for further details

Our BLS5 is manufactured from tough durable PVC and is in line with the latest Health & Safety recommendations. The sign can be overprinted with your corporate logo, address and contact details.

For easy ordering, templates for our BLS1 and BLS5 can be found on pages 36 and 37. Templates for BLS2, BLS3 and BLS4 can be found in page 38. Simply enter your details and forward them together with your purchase order.

BLS5

### Magnetic and Self-adhesive Information Labels

- Highly visible information labels
- Price includes printing to your design
- Black text on white or yellow background
- Choice of 4 standard sizes

Our highly visible weight loading labels are suitable for both shelving and racking. Available in magnetic and self-adhesive formats, simply select the size you require, confirm the text, background colour and quantity required.

\* Print may appear on two lines

Ref	Size (H x W)	Colours
BL23	25mm x 200mm	White, Yellow
BL53	50mm x 300mm	White, Yellow
BL73*	70mm x 300mm	White, Yellow

BL73M*	70mm x 300mm	White, Yellow
BL93M*	90mm x 300mm	White, Yellow

## Aisle and Bay Identification

### Magnetic and Self-adhesive Bay Markers

- Clear Identification
- Fixed or relocated in seconds
- No drilling required

Our high visibility bay and aisle markers offer clear identification throughout the warehouse. A formed aluminium section with either a magnetic or self-adhesive edge, enables the marker to be easily mounted onto steel racking without drilling. When locations need to be changed the magnetic marker can simply be lifted and relocated.

Ref	Fixing	Size (H x W)	Accommodates
BM1	Magnetic	260mm x 167mm	1 character
BM2	Magnetic	260mm x 310mm	2 character
BA1	Self-adhesive	260mm x 167mm	1 character
BA2	Self-adhesive	260mm x 310mm	2 character

Please select type and size of marker and add on required characters – specify letter or number and quantity required

### High Visibility Characters

High Visibility Black on Yellow vinyl characters for above.

The characters can be applied to the front and back of the marker allowing the identification to be viewed from both sides.

Ref	Size (H x W)	Digit Height
F8	230mm x 140mm	160mm

see page 23 for Aisle Markers

## Aisle and Bay Identification

### Angled Aisle Markers

AM1F / AM1FM

AM1T / AM1TM

- Angled aisle markers for good visibility
- Choice of fixing – Magnetic or Self-adhesive
- Price includes printing of characters

Please specify sequencing and colour option when ordering.

Our range of highly visible angled aisle markers are available with either magnetic or self-adhesive fixings and come in a choice of white or yellow.

Included in the price, the AM1F is supplied with one self-adhesive printed label for the user to apply, the label can be applied to the front or back depending if the marker is to be used right or left handed.

The AM1T is supplied with two printed labels.

Ref	Size (H x W)	Characters	Fixing	Colour
AM1F	95mm x 130mm	Up to 3 characters	Self-adhesive	White/Yellow
AM1FM	95mm x 130mm	Up to 3 characters	Magnetic	White/Yellow
AM1T	95mm x 130mm x 130mm	Up to 3 characters on each side	Self-adhesive	White/Yellow
AM1TM	95mm x 130mm x 130mm	Up to 3 characters on each side	Magnetic	White/Yellow

### Bespoke Aisle Flags and Markers

Custom made plastic flags or markers can be manufactured to suit your particular requirement and colour. Markers can be supplied with consecutive numbering and barcode. Fixings options can be self-adhesive, magnetic or drilled.

Simply contact our sales office with the following information to help us provide you with a speedy quotation: Marker H x W, Colour, Quantity, Typical Code Sequence, Code on One or Two Sides, Barcode Type, Type of Fixing

### Rack Document Holder

A range of rigid plastic Document Holders for holding A4 or A5 sized inserts. Ideal for documents that relate to goods in storage. The holder has a magnetic or self-adhesive fixing option and can be manufactured in other sizes to meet the users particular need.

Please specify colour when ordering

Ref	Size (H x W)	Fixing	Pack	Colour
RDH4	335mm x 230mm	Self-adhesive	10	Yellow/White
RDHM4	335mm x 230mm	Magnetic	10	Yellow/White
RDH5	260mm x 165mm	Self-adhesive	10	Yellow/White
RDHM5	260mm x 165mm	Magnetic	10	Yellow/White

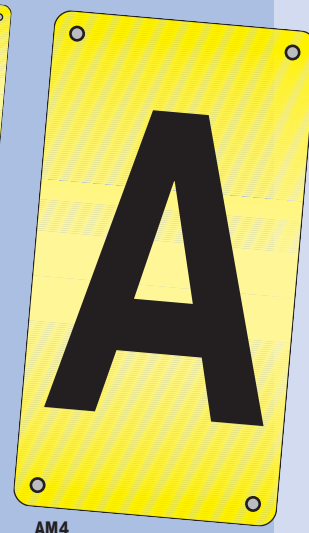

## Aisle Identification

### Aisle and Bay Identification Markers

- Markers to identify aisles or bays
- Supplied pre-drilled unless stated
- Improves identification
- Prices include printing of required characters up to the maximum allowed

Our range of robust end of aisle identification markers are available in various sizes and designs for instant product and aisle locating. Suitable for use in the factory, warehouse or office environments.

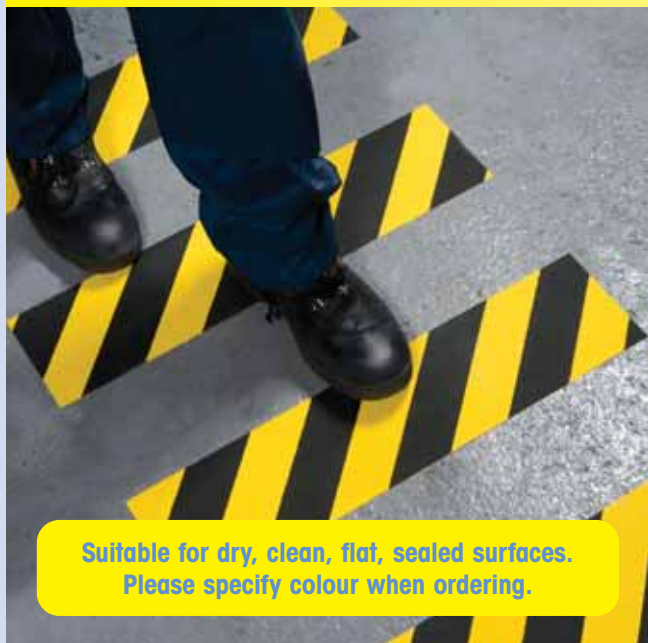

Ref	Label Size (H x W)	No of Characters	Colour
AM1	95mm x 160mm	With up to 3	Yellow/White
AM2/1	220mm x 270mm	With 1 x 180mm	Yellow/White
AM2/2	220mm x 270mm	With 2 x 180mm	Yellow/White
AM3/1	220mm x 450mm	With 1 x 180mm	Yellow/White
AM3/2	220mm x 450mm	With 2 x 180mm	Yellow/White
AM3/3	220mm x 450mm	With 3 x 180mm	Yellow/White
AM3X/1	300mm x 300mm	With 1 x 180mm	Yellow/White
AM3X/2	300mm x 300mm	With 2 x 180mm	Yellow/White
AM4	660mm x 343mm	With 1 x 500mm	Yellow
AM6/1	600mm x 600mm	With 1 x 450mm	Yellow/White
AM6/2	600mm x 600mm	With 2 x 450mm	Yellow/White

Custom made markers can also be produced to show company logos, various colours, and different sizes. Please contact our sales offices for further details.

## Anti-Slip Flooring

### Anti-slip Tapes

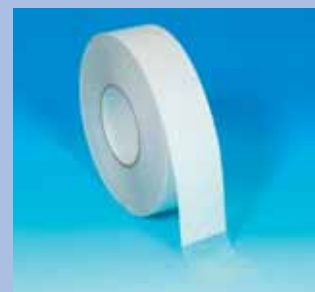

Suitable for dry, clean, flat, sealed surfaces.  
Please specify colour when ordering.

- Quick and easy to apply anti-slip tape
- Tough, durable and long lasting
- Available in various widths and colours
- Supplied in 18.3M rolls

Our anti-slip tape is manufactured through a unique process ensuring its one of the most effective anti-slip surfacing available. Our tapes have a thick carrier impregnated with diamond hard aluminium oxide making it hardy, tough, durable and long lasting. The backing has a heavy coating of permanent pressure sensitive adhesive which is water resistant and ensures once its down it stays down.

Ref	Size (W x L)	Colour
AST25	25mm x 18.3M	Black, Yellow, Black/Yellow, Clear
AST50	50mm x 18.3M	Black, Yellow, Black/Yellow, Clear
AST100	100mm x 18.3M	Black, Yellow, Black/Yellow, Clear
AST150	150mm x 18.3M	Black, Yellow, Black/Yellow, Clear

### Glow In The Dark Anti-slip Tapes

Please specify plain or striped when ordering

- Glow in the dark photoluminescent
- Made to the same exacting standards of our standard tape
- Supplied in 18.3M rolls

Don't be left in the dark. Our unique photoluminescent tape serves as both a safety flooring product and glow in the dark protection.

Available in a choice of 3 different widths and plain or striped formats.

Ref	Size (W x L)	Colour
PT25	25mm x 18.3M	Plain/Striped
PT50	50mm x 18.3M	Plain/Striped
PT100	100mm x 18.3M	Plain/Striped

## Anti-Slip Flooring

### Anti-slip Stair Treads

- Anti-slip stair treads plain or printed
- Supplied in packs of 5

Our anti-slip treads are manufactured using the same high standard as our anti-slip tape and are ideally suited for use on stair treads or anywhere where the regular shape is required. Available in plain black or black and yellow with "Caution" and "Watch your step" messages printed onto the material. We can offer your own message to be printed, please enquire for further details.

Ref	Size (H x W)	Pack	Colour
AST	150mm x 610mm	5	Black
AST/Caution	150mm x 610mm	5	Black/Yellow
AST/Step	150mm x 610mm	5	Black/Yellow

### Aluminium bolt down anti-slip plates

- Easy to install
- Weatherproof aluminium plates
- Supplied in packs of 5

Our bolt down plates are available with plain black or black and yellow anti-slip tapes which are bonded to a 1.6mm weatherproof aluminium plate. Easy to install, they are ideal for an instant non-slip surface helping to reduce slip accidents. Fixing screws are not included.

Other tape colours and sizes are available - please contact our sales office for details.

Ref	Size (H x W)	Pack	Colour
BDP/BK	150mm x 610mm	5	Black
BDP/YB	150mm x 610mm	5	Black/Yellow

### Anti-slip Feet

- Highlight pedestrian routes
- Supplied in packs of 10, 5 right and 5 left feet
- Available in 4 colours

Our anti-slip feet are ideal for creating marked pedestrian routes that also have the advantage of a terrific anti-slip surface. Supplied in packs of 10 (5 left and 5 right).

Please specify colour when ordering, available in Black, Yellow, Clear and Black and Yellow.

Ref	Size (H x W)	Pack	Colour
ASF/BK	240mm x 90mm	10	Black
ASF/YE	240mm x 90mm	10	Yellow
ASF/CL	240mm x 90mm	10	Clear
ASF/YB	240mm x 90mm	10	Yellow/Black

## Warehouse Identification

### Floor Lane Marking Tape

- Tough, durable self-adhesive tapes
- Highlights hazards or restricted areas
- Easy to use applicator available

Our range of lane marking tapes can be used to mark stairways, colour code walkways, workstation or storage areas within stores and warehouses.

Available in a range of colours, with general uses as follows:

Black/yellow highlights general hazard areas and obstacles

Red/white highlights fire protection equipment

Green/white highlights medical stores/safety equipment

Ref	Size (H x W)	Pack	Colour

### Metal Tags

Our Industrial quality metal tags have traditionally been used to mark products which may be subjected to rough treatment, high temperature, oil, grease or exposed outdoors.

Available in galvanised steel or Aluminium. We can supply coloured lacquered finishes, plain or printed labels for embossing. We can also supply paper covered and paper faced options.

**Please contact our sales office for further details**

## Asset Identification

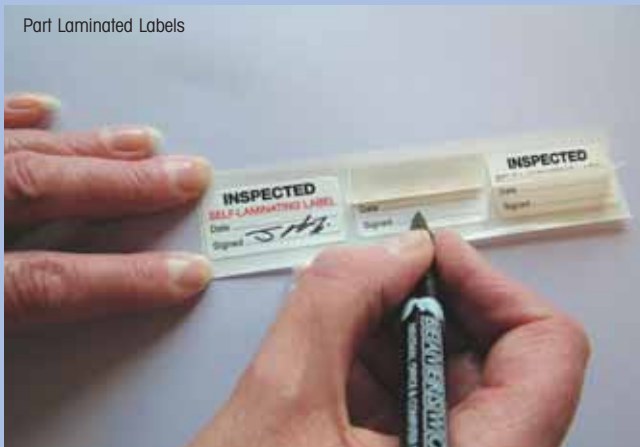

### Custom Printed Labels

- Printed to your design
- Options include paper, vinyl, polyester, tamper evident, laminated or part laminated
- Designs from text only to multi coloured logos, etc
- Small to high volumes catered for

A wide range of labels for Asset identification, ideal for labelling tools, office equipment, warehouse machinery or any item or product that needs to be recorded. Asset labelling helps to deter theft and identity lost or missing equipment. Part laminated labels can be supplied in all materials to your design with an area left blank for you to add your own data before self laminating.

Part Laminated Labels

Simply contact our sales office with your requirements, the following information will help us to provide you with a speedy quotation:

- Size of label H x W
- Material required, paper, vinyl, polyester, part or full laminated
- Finish required, matt, gloss
- Number of print colours
- Description of text
- Consecutive numbering
- Quantity of labels

## Fixings

### Double-sided Adhesive Tape

- Choice of two sizes
- Multi-purpose fixing tape

Supplied in either 12mm or 19mm wide in 50 metre rolls. This very aggressive tape is ideal for fixing signs and markers within the workplace.

**Available From Stock**

Ref	Size (H x W)
DST12	12mm x 50M
DST19	19mm x 50M

### Magnetic Self-adhesive Strip

- Locates on any steel surface
- Makes anything magnetic
- No drilling required

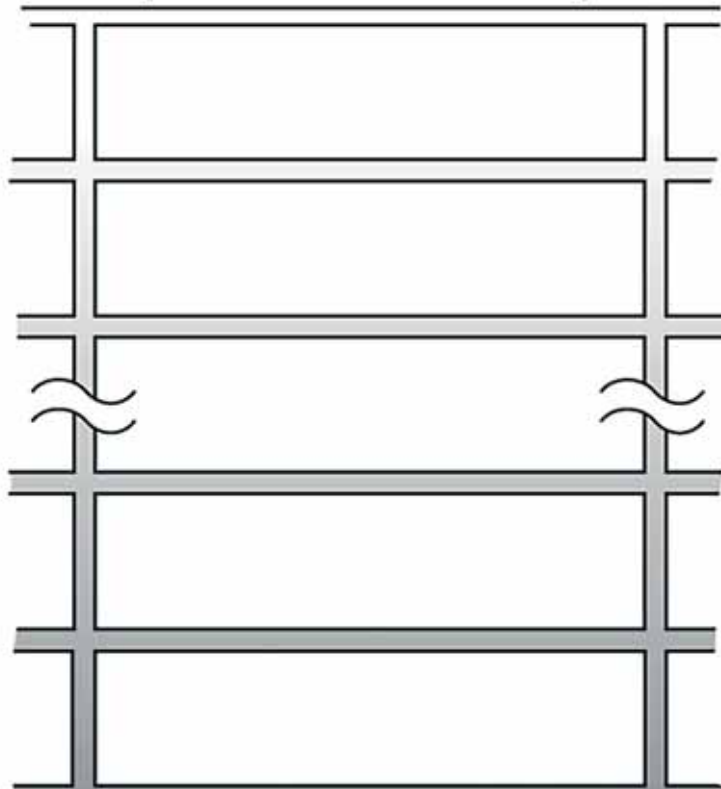

Our Magnetic strip is supplied in three widths, each backed with a strong permanent self-adhesive for mounting items onto steel surfaces. This magnetic strip is ideal for many jobs in the factory or warehouse, eliminating the need for drilling or other methods of fixing.

Ref	Size (H x W)
MSSA/13	13mm x 30M
MSSA/20	20mm x 10M
MSSA/50	50mm x 10M
