

Locker Nests

Quality compartment lockers suitable for a multitude of storage applications. Standard lockers provide the flexibility of five sizes with five door options and six door colour options.

- The cost-effective way of buying lockers in quantity is to use Locker Nests
- Save up to 10% over the price of individual lockers
- Locker Nests take less time to install than individual lockers
- 2, 3, 4 and 6 door lockers fitted with security shelf to prevent unauthorised access to the compartment below
- Single tier lockers fitted with top shelf and coat hook
- Two tier lockers fitted with coat hook in each compartment
- Locker nests also available on the following ranges:
Green Lockers - see p.71
Perforated Door Lockers - see p.74

Green Lockers

This range of lockers demonstrates our environmental credentials. They are not only green in colour, but "green" by nature too - being made from approximately 60% recycled sheet steel and being painted using reclaimed powder. This produces the unique two-tone green colour, the exact shade of which will vary from locker to locker, batch to batch and panel to panel.

- Not only green in colour, but "green" by nature
- Made from approximately 60% recycled steel
- Painted in reclaimed epoxy powder coating
- Available in 2 sizes and 5 door configurations
- 2, 3, 4, and 6 door lockers fitted with security shelf to prevent unauthorised access to the compartment below
- Single door lockers fitted with top shelf and coat hook; two door lockers fitted with a coat hook in each compartment
- Strengthened, ventilated doors with rubber buffers
- Available in nests of 1, 2 or 3 lockers

Multi-Compartment Lockers

These lockers give alternatives to usual locker formats. From lockers offering storage for both clean and dirty apparel and full height twin lockers, to staff and duo lockers that provide multiple storage compartments within the locker for each individual.

- Strengthened and ventilated doors with rubber buffers
- Powder coated with Germ Guard Active Technology anti-bacterial paint

A Staff Lockers

- Provides hanging clothes storage on one side of the central divider and 3 shelves for smaller personal items such as books on the other side

B Clean and Dirty Lockers

- Ideal for separating clean from dirty garments, indoor from outdoor clothes or wet from dry garments

C Twin Lockers

- Storage space for two people using less floor space than standard lockers
- Two slim full height compartments for clothing and personal effects

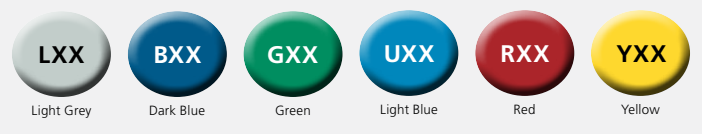

D Duo Lockers

- Provides locker space for two people
- Each person has a full width top compartment for personal belongings and a tall hanging space for clothes

Wet Area Lockers

These lockers are manufactured from pre-coated galvanised steel for damp environments or where frequent washing down is required.

- Ideal for swimming pools, changing rooms, saunas, industrial wet areas or food preparation plants
- 2, 3 and 4 door lockers fitted with security shelf to prevent unauthorised access to the compartment below
- Moisture resistant cam locks are fitted as standard for superior lock durability in moist environments
- Strengthened and ventilated doors with rubber buffers
- Single tier lockers fitted with top shelf and coat hook
- Two tier lockers fitted with coat hook in each compartment
- Powder coated with Germ Guard Active Technology anti-bacterial paint

Germ Guard
Active Technology

Germ Guard is a special anti-bacterial paint designed to help improve the hygiene of frequently used storage containers such as lockers and cupboards.

Germ Guard reduces the risk of cross-contamination, and is proven to reduce the spread of **Escherichia coli (E.coli)** and **Methacillin resistant Staphylococcus Aureus (MRSA)**.

Germ Guard paint will last the life-time of the locker or cupboard on which it is used.

Germ Guard
Active Technology

Germ Guard is a special anti-bacterial paint designed to help improve the hygiene of frequently used storage containers such as lockers and cupboards.

Germ Guard reduces the risk of cross-contamination, and is proven to reduce the spread of **Escherichia coli (E.coli)** and **Methacillin resistant Staphylococcus Aureus (MRSA)**.

Germ Guard paint will last the life-time of the locker or cupboard on which it is used.

Charging Laptop Lockers

This range of cost effective laptop storage units is designed to provide secure charging facilities for laptop computers.

- Each compartment is equipped with a 3 pin plug socket to permit charging using each laptop's own mains lead
- Ventilated compartments for dissipation of heat
- Powder coated with Germ Guard anti-bacterial paint with a choice of door colour
- Compartment aperture size (H x W x D) 100mm x 375mm x 470mm

Laminate Door Lockers

A heavy duty locker without a heavyweight price. As the door is normally the part of the locker that comes in for the most punishment, we have replaced our usual steel door with one made from laminate. This fits neatly inside the locker frame and opens a full 180 degrees.

- Tough, solid laminate doors that are highly resistant to dents and scratches and will not rust
- Doors open a full 180 degrees for easy access to each compartment
- Available with a mild steel carcass for dry areas, or galvanised steel for wet areas such as swimming pool changing rooms
- Dry area lockers fitted with standard camlocks; wet area lockers supplied with moisture-resistant camlocks
- 2 sizes and 4 door configurations
- 2, 3, and 4 door lockers fitted with a security shelf to prevent unauthorised access to the compartment below
- Choice of 4 standard door colours, with others available on request. All doors are mounted to a powder coated light grey carcass
- End panels available to create finishing touch
- Pre-drilled for nesting
