

WORKSHOP BOXES

Following the successful addition of the workshop boxes to our Sentribox range last year we have continued to move on and improve the quality, finish and packaging of the professional range. We have added an all new professional X range which is designed for even the most discerning engineers and tradesmen.

All Sentri Workshop boxes have ball bearing slides and come in a black textured finish so not only do they perform superbly but look ultra professional as well. Indeed a box you can be proud of.

There are many workshop boxes in the market today but we have so much confidence in the high quality and standards set by these new ranges that we are offering them all with our 3 year guarantee against faulty workmanship.

Our mobile tool cabinets offer :-

- Ballbearing slides on the drawers
- Non slip mats in all drawers
- 2 fixed 2 swivel/braked wheels
- 2 keys with each model
- Powder coating in the famous hard wearing Sentri black

The Professionals Choice

sentribox

The Sentri range of Black Site and Vehicle boxes has built up a considerable reputation over the last 13 years from a standing start to being a leading, respected, trusted and recognised brand throughout the industry at home and around the world.

As leading designers of metal storage systems we have now taken box engineering to new levels and the locking system is now so far advanced for site and vanboxes that we have patents and design copyrights pending worldwide.

The **XLOCK™** system of two 8mm thick deadlocks working in the horizontal plane and two 8mm thick hooklocks working in opposing directions in the vertical plane mean you have a 4 point locking system on every Sentri **XLOCK™** box that is not equalled on any sitebox available in the world today.

- Tradesmen have an average of **£2000** worth of tools
- **30%** of thefts are by opportunist thieves
- Theft from vehicles equates to **one every minute**
- **KNOW** where your equipment is and **KNOW** it is secure
- **The Professionals Choice** helping to protect your valuables

Sentri XLOCK™ VANBOX

(964mm L x 450mm H x 492mm W overall size)
(917mm L x 446mm H x 450mm W internal size) 36kg
