

# LINBINS

## THE TOUGH ORIGINAL

**Order Linbins and you get a better bin. It's the original and it's still the best. It comes in a bigger range of sizes and colours it's stronger and lasts longer ... so we guarantee Linbins for life!**

### Linbins come in one quality but two price ranges.

There are many advantages to Colour Linbins. They brighten up your business and can help with speedy stock location. Or, if outstanding value is your priority, choose Grey Linbins (page 84) **They're the same quality but a lower price.**

You can stack them - and they won't distort, or attach them to our louvre panels where they're designed to stay put - even when fully loaded.

#### Linbins mean a bigger choice of sizes

There are 10 different size Linbins that's the biggest choice available - so you can choose Colour Linbins for their bright appearance and for stock colour-coding or our same-quality Grey Linbins at a lower price, and there's a range of strong plastic dividers which fit the Linbins.

**Is there an industry anywhere in the world not using Linbins?**

# WHY ARE GREY LINBINS LESS EXPENSIVE?

Grey Linbins are exactly the same quality as our coloured range of Linbins - they're made on the same moulds and at the same time.

The savings come from two aspects - firstly they require less colour pigment, therefore material cost is saved at the point of manufacture,

secondly as over 40% of our sales are Grey Linbins, we can produce in larger batch quantities to get economies of scale which we then pass onto our customers.

**So you can be confident in your purchase of Grey Linbins - we are ...**

***... that is why we guarantee them for life!***

## LINBINS - SETTING THE STANDARDS FOR INDUSTRY

### How many Linbins do you need?

If you're using Linbins on our louvre panels there's a quick way to calculate how many Linbins you'll need. You can work it out once you've chosen your panels.

On page 86/87 you'll find all the wall mounted louvre panels and the quick calculation guide.
