Emergency Kits In Trolleys

Emergency Kits can be brought quickly to where a leak has occurred. They consist of snakes to contain leaks, with mats and cushions to absorb the leaking liquid. These are supplemented by personal protective goggles and gloves. You have a choice of 3 versions:

- Type DNO** - If you want to absorb oil or petrol only and not water
- Type DNU** - For universal use to absorb oil, water and other liquids
- Type DNC** - For universal use and is resistant to acids, alkalis and other chemicals

Contents

10 cushions	28 x 20 x 4cm
4 snakes	120 x 7.5cm
4 snakes	180 x 7.5cm
20 mats	40 x 50cm
3 pair of protection gloves	
5 waste bags

Gas Cylinder Cages

✓ Gas cylinder cages, completely hot-dip galvanised, with lockable double doors

- Designed for external use
- Solid frame construction
- 350mm protruding roof for added weather protection
- Available with or without raised base
- Can be anchored to the ground for additional security
- Folded doors can either be hung to the left or to the right
- Single cylinder storage possible with the rail and chain system
- Suitable for storing of gas cylinder pallets
- Delivered flat-pack for self-assembly (minimal tools required)

By fitting shelving units, gas cylinder cages can have other uses, for example they can be used to store 11kg cylinders. This puts the height of the cages to the best possible use.

For the storage of potential water pollutants and flammable liquids where stringent safety regulations apply. Environmental protection is also demanded when dispensing, refilling or transportation of such substances.

Specifically designed for decanting and fluid transfer areas where the risk of spillage is higher than normal. Used as a modular system they can provide protection for the complete working floor area if necessary.

This range of decking is available with a point load of 450kg, or 2000kg to accommodate fork lift truck traffic.

Ensure your storage area or workshop is properly ventilated at all times

Lightweight High Entry Ramp

- ✓ Aluminium ramp designed to be used where there is a high height difference between two locations
- Lightweight aluminium construction
- Folding design supports itself in vertical position
- Facilitates entry to buildings, vehicles or trains
- Anti-slip ramp surface
- Overall 800W x 1825Lmm
- Folds to 800W x 1120Lmm
- Maximum height difference 485mm
- Recommended height difference 380mm
- Weight 35kg

REF DLR3272 PRICE £1030.00

Pocket Guides

- ✓ Always available for quick reference, pocket guides are an invaluable source of up to date safety information

- Printed both sides of hard wearing semi-rigid PVC

PRICE £2.90 each

New updated version - legally required
