Paulo Café Furniture

- ✓ Stunningly attractive and truly maintenance free ✓ Made from a revolutionary new material which requires no maintenance

As it is synthetic "No-Wood" will never need oiling, polishing, painting or protecting; neither will it splinter or split.

This delightful range therefore offers all the beauty of real teak but with none of the drudgery of maintenance, combined with attractive flat tube frames.

- No maintenance required
- Easy to clean
- Zinc plated, cast iron base on circular tables and adjustable feet for uneven surfaces
- Stackable to ten high

TWIN DRUM MACHINES FOR FINE DUST APPLICATIONS

Specialised Vacuum Cleaners

Unique amongst British vacuum manufacturers, NUMATIC welcomes enquiries for special purpose products.

ARE YOU SURE YOU HAVE THE RIGHT VACUUM CLEANER. DO YOU KNOW WHAT YOU ARE PICKING UP?

Health & safety is of upmost importance in any place of work. Therefore careful consideration must be made before selecting a Vacuum cleaner for industrial use. Some dusts and debris may need to be picked up using Hepa Filter or Balance Vac.

For a free site survey and advice on the correct machine for your environment,

Just call us!

In addition to the examples shown here, we have produced machines for Building Industry, Sports Centres - indoor tennis & bowls, Dental Industry

SHELVING

STORMOR Euro

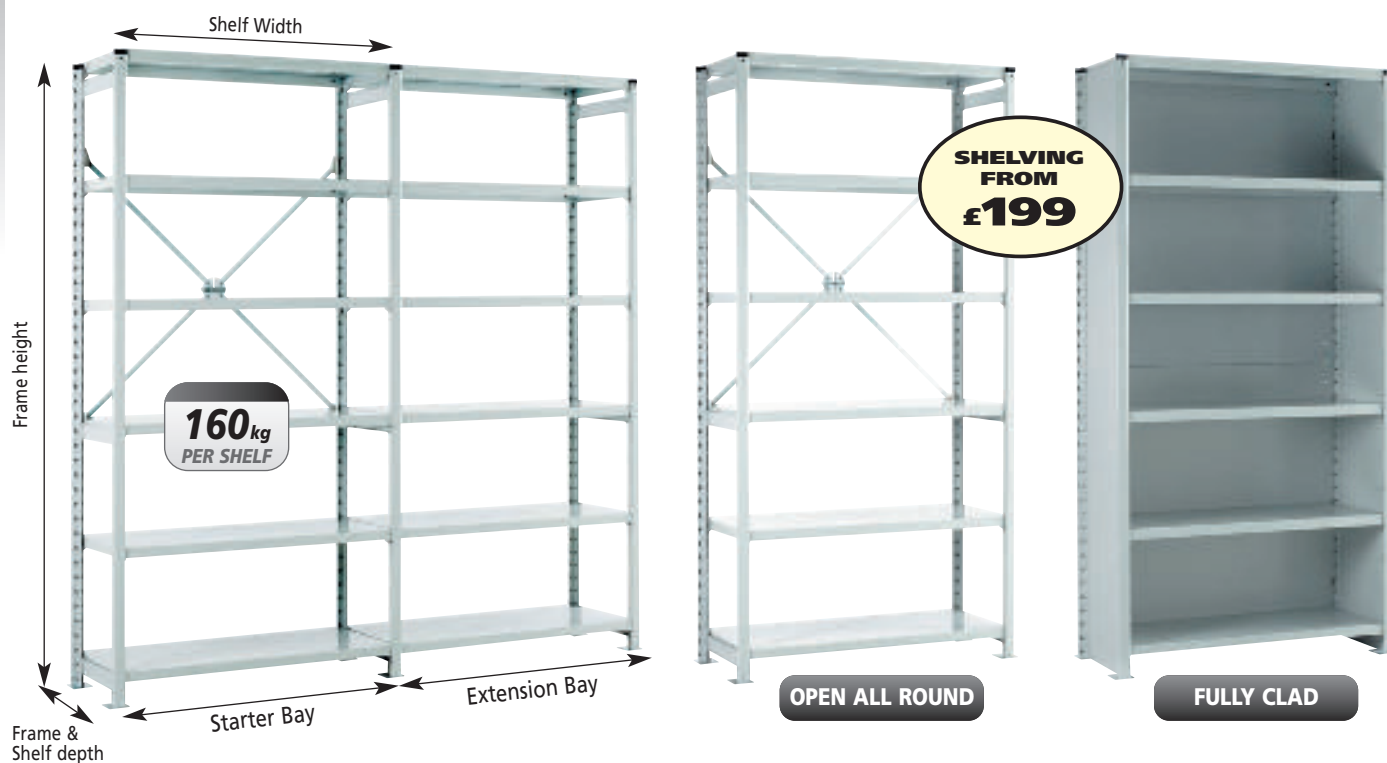

- ✓ Ideal for all commercial and archive storage
- ✓ Heavy duty, fully adjustable steel shelving

- Easy clip together assembly
- Robust shelving system which can fulfill any requirement from single bays to multi-tiered structures
- Full range of accessories available, ask for details

BioCote Protected BioCote inhibits the growth of potentially lethal bacteria such as MRSA and E. Coli and reduces the risk of cross contamination making it ideal for hygiene sensitive areas

EURO-Shelving Starter and Extension bays make ordering easy. Finished with Light Grey uprights, cladding and shelves the bays are 2100mm high, 1000mm wide with a choice of three shelf depths. Six shelves are supplied, but further shelves, including shelf clips, can be purchased if required. Bays can be either open all round or fully clad, depending on your requirements.

Starter & extension bays

Each kit comprises of the correct number of uprights, shelves, shelf clips, footplates, upright caps, and when applicable bracing or cladding. Full assembly instructions are provided.

ProGlide Mobile Shelving

Why ProGlide

ProGlide is the modular mobile shelving system, which is the nearest thing to a "mobile in a box." These fully modular mobile shelving kits are available off-the-shelf and can be installed in your office in 8 to 10 days.

Where can ProGlide be installed?

ProGlide provides instant high-density office filing in any office environment. ProGlide can be installed on almost any clear, sound and level floor, including:

✓ Carpets ✓ Concrete floors ✓ Wooden floors ✓ Vinyl

ProGlide just sits on top of any of these floor types and can be relocated to another location or reconfigured without problems - so you can move or change your mobile as your business moves or grows.

The Shelving

All mobiles feature Stormor Duo shelving. Bays are 2150H x 1000W x 370Dmm and have 7 usable shelf levels. Shelving and mobile bases are finished in light grey.

Manually Assisted

- Slim profile handle
- Simply turn the handle in the direction required
- Geared drive system makes for easy operation even when fully loaded
- Built in safety locking button prevents movement of bases when someone is working in the aisle

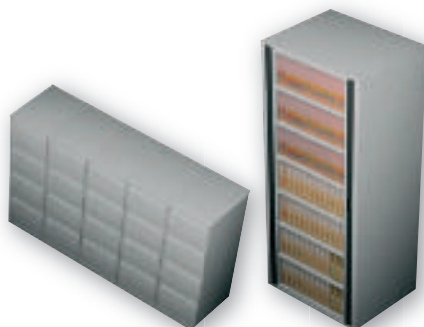

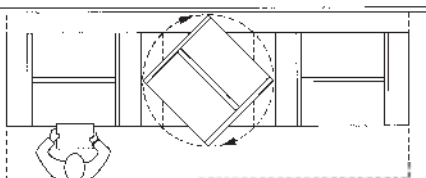

Electric Mobiles

- Easy to operate, electrically powered system
- Simple push buttons control the low voltage DC power
- Re-chargeable battery back-up fitted as standard
- Simply press the button or the direction required
- Simply plug into a standard mains socket

Space saving storage for today's office environment

The contents of 5 four drawer filing cabinets can be accommodated in one rotary cabinet - saving up to 40% of valuable floor area

Call us for a **FREE** site survey and quotation

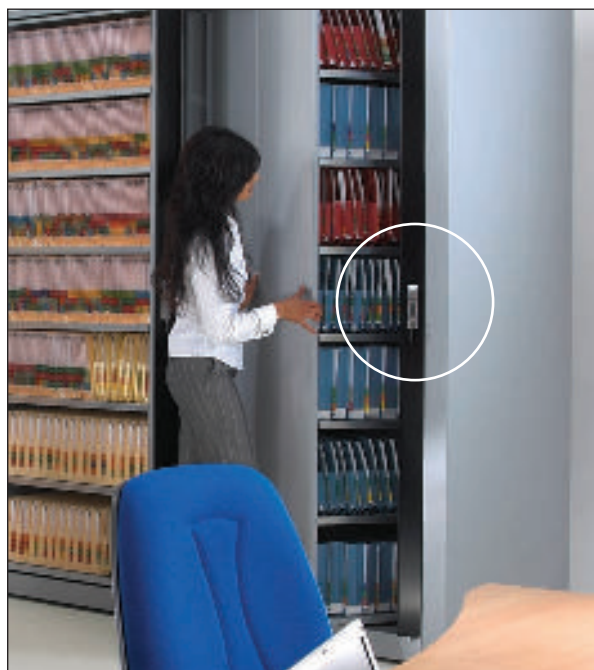

Rotary Filing Cabinets

- For improved accessibility, space utilisation and information security
- Offers 40% saving in space and up to 50% reduction in access times
- Units feature double sided shelving bays which rotate on a central axis to access either picking face giving the operator access to over 10.5 linear metres of filing without moving
- Seven usable shelf levels per side
- Cabinets can be locked in a closed position when not in use
- Full range of accessories available - ask for details
- Cabinets are 2160H x 1145W x 792D*mm (*1131Dmm when cabinet is rotated)

Unique 'flipper' opening action

Atlantic rotary cabinets feature a unique opening system which enlarges the space available at the sides of the picking faces, allowing easy rotation of the unit by the operator
