Ovation Partition System

A state-of-the-art partition system, offering designers and installers the vertical solution for the new millennium

This system has been designed to suit many different environments. It's styling provides gently radiused upright posts and door frames with a choice of either recessed or flush skirting. The system is available in an almost unlimited choice of RAL or BS coloured finishes to complement any interior design scheme.

Construction

Designed for fast and easy installation, the introduction of Bi-element construction effects the end user rapid on-site assembly without lengthy lead in times.

Fire

Safety is a key feature of this system. It has been thoroughly tested and offers 30 minute fire resistance to BS476 part 22, 1987, on full height single and double glazing elevations. This also applies to door modules and solid elevations, regardless of the board joint details.

Acoustics

Acoustics is another major performance consideration and again Ovation passes the test. Solid construction offers sound attenuation values of up to - 42db (Rw) under laboratory conditions.
