RIVETIER®

The Original Boltless Shelving

Budget Range

- ✓ Extremely strong, up to 450 kg uniformly distributed load (U.D.L) per shelf
- ✓ Unrestricted access from all sides - no cross bracing is required
- Quick and easy to assemble, less than 10 minutes to build each shelving unit.
- No nuts and bolts, clips or fixings, only four simple components that just tap into place
- Ideal for all industrial and commercial storage applications; large or small
- Beam and post connection by patented, precision Rivet to Eye secure fixing - the strongest there is!
- Fully adjustable shelves at 1.5" (38mm) increments
- All shelf supports in pale grey

Uprights to 8' high & tie plates are available in three colours:

- Red
- Blue
- Dark Grey
