£47.00	£55.00	£73.00

Mesh Pallet Rack Shelving

- ✓ Easy to position and relocate
- ✓ Custom built to your specific needs
 - Admit light, collect no dust
 - Enable efficient sprinkler operation
 - Allows storage of smaller items

GUIDE PRICE
125kg UDL
£47
(PER SQ METRE)

Anti-Collapse (Musca) Safety System

- ✓ The pallet rack safety screen for essential protection
- Simple, strong and effective
 - Fully welded grid for maximum security
 - Easily fitted to new or existing racking
 - Durable epoxy powder coat RAL7037 finish
- Eliminates overspill to rear of racking

The ANTI-COLLAPSE SYSTEM is a simple and highly effective preventative measure, designed to combat the problems associated with spillage from the rear of racking.

Each panel is constructed on a 19mm square section steel tube, with mesh apertures of 25 x 25mm, 50 x 50mm, or 100 x 50mm to suit various applications. The system is self supporting on its own stand-off brackets which provide maximum strength and space for projecting items.
