

TWIN DRUM MACHINES FOR FINE DUST APPLICATIONS

## Specialised Vacuum Cleaners

Unique amongst British vacuum manufacturers, NUMATIC welcomes enquiries for special purpose products.

**ARE YOU SURE YOU HAVE THE RIGHT VACUUM CLEANER. DO YOU KNOW WHAT YOU ARE PICKING UP?**

Health & safety is of upmost importance in any place of work. Therefore careful consideration must be made before selecting a Vacuum cleaner for industrial use. Some dusts and debris may need to be picked up using Hepa Filter or Balance Vac.

For a free site survey and advice on the correct machine for your environment,

**Just call us!**

In addition to the examples shown here, we have produced machines for Building Industry, Sports Centres - indoor tennis & bowls, Dental Industry
