Bike Loop grout-in

**REF SSLOOPGR2 PRICE £115.00**

## Tubular Cycle Racks

### FINISH & INSTALLATION

Tubular racks shown on this page are finished in exterior grade powder coat. Light grey is supplied as standard but racks are also available in green or blue.

All racks are pre-drilled for floor fixing (fixings not included).

It is recommended that in environments such as coastal areas where corrosion is a factor, a galvanised finish is used - please contact us for a quotation.

*Lots more cycle racks on preceding pages!*
