✓ Warm, comfortable & provides effective water drainage

Made from strong, flexible PVC sections in a grid formation. HERONRIB 2000 provides effective drainage for large amounts of water. It has an embossed slip-resistant surface which is comfortable to stand on, even when barefooted. Ideal for changing rooms, around pools and in showers and all wet-side areas.

- Efficient drainage matting, non-porous and easy to clean
- With anti-bacterial additives
- Simple to cut to length and to shape
- Effective inside and outdoors for barefoot use
- Contours to uneven floor surfaces
- Hardwearing, long lasting and maintenance free

✓ Slip resistant, shock absorbing floor covering

Herontred is an ideal safe loose lay floor covering for exercise rooms, creches and inside play areas. The 16mm vulcanised rubber tiles interlock to provide an excellent cushioning surface that protects any hard ceramic, parquet or concrete sub floor.

- Non porous composition keeps it clean & hygienic
- Comfortable for bare feet use
- Dimpled or marble surface finishes
- Bevelled edges & protective skirting available in grey or black

✓ Hygienic and slip-resistant

Herontile tiles enable the covering of large floor areas with an easy click together joining that provides a seamless covering. Hygienic and comfortable under foot, they are manufactured from EVA with additives that provide anti-fungal and anti-bacterial protection. Circular embossing adds to slip-resistance for bare feet traffic.

- Open grid, broad slats and sturdy supports cover large floors
- 15mm height for removal of large volumes of water
