Secure Storage Boxes

The storage box is a flexible mesh storage system that is quickly installed on any solid surface indoors or outdoors.

The system is available in a variety of sizes ranging from the MINIBOX at 1200 x 1200mm with a single door to the MAXIBOXES (see dimensions below) which can be increased to any panel dimension from the Scimitar range.

All boxes come with a mesh roof over and a padlockable single or double door (MAXIBOXES only) fitted as standard.
